

23 June 2010

**REMINDER TO ALL CLUB MEMBERS
TRANSPONDERS ARE COMPULSARY FROM 1st JULY 2010**

Club day 28th June 2010.

This Club day event will be the last chance we have to test out the system.

Many club members have put in a lot of time to roll out the equipment in time for the introduction.

Now its time to help them.

All members intending to attend club day this weekend are urged to charge and fit their transponders to their karts for all events.

See you all there.
